Executive Summary

The Public Entity Team of Alliant Insurance Services, Inc. are thankful for the opportunity to present the **December 1st, 2025 to December 1, 2026** property and casualty insurance renewal proposal to the Kendall County Forest Preserve District. We look forward to continuing our productive partnership to help the District manage its risk management and insurance program. As always, it is important that we share the notable public entity insurance market trends influencing this year's renewal

State of the Insurance Marketplace

Forecasting outcomes for 2025 varies significantly by line of coverage. While the property market is shifting in a more favorable direction compared to recent years, the casualty market continues to face headwinds — particularly around pricing, capacity, and placement timelines. Law enforcement liability, excess liability and auto liability continue to be the most challenged lines of business.

Hyper-social inflation and nuclear-verdict liability claims experience for the public sector continue to limit the number of carriers available for public entity liability risks and is ultimately impacting the availability of coverage and hindering competitive pricing options. The risk appetite of insurance carriers for public entity liability risks is low. Specifically, in some markets-- like Illinois, the number of public entity carriers willing to entertain larger public entities is limited.

The challenging landscape has pressed on for multiple years -social inflation, active shooter events, sexual abuse and molestation revival lawsuits, fleet liability and severe weather-related property losses. These loss cost increases, coupled with capacity reductions and higher retentions, continue to define a complex and challenging market environment. Entities with unfavorable loss experience are challenged further and coverage availability at desired levels is either hard to come by or subject to exceedingly high premium.

Primary factors driving market conditions include:

- **Excess Liability-** The public entity liability market continues to face upward pressure driven by several key factors, notably “social inflation” — the rising cost of insurance claims influenced by societal trends such as substantially increased jury awards. Reinsurer and carrier pricing models are trending toward more conservative approaches and higher limit factors, resulting in carriers pushing for higher self-funded layers.
- **Law Enforcement Liability-** Law enforcement liability continues to be a primary focus in underwriting due to its inherent complexities. This coverage line faces significant challenges stemming from heightened media scrutiny, civil unrest, and federal case rulings. Higher premiums are expected to continue, especially with adverse claim experience. Loss and exposure-based factors related to reverse conviction, excessive use of force, police vehicle pursuit and inmate suicide are driving concerns.
- **Automobile Liability-** Higher frequency and severity of auto claims continue with an increase in distracted driving and vehicle repair costs. All auto sectors to continue to experience underwriting loss.
- **General Liability/Public Officials/Employment-Related Liability/Sexual Molestation-** Litigation funding, plaintiff-friendly legal decisions, large jury awards, employment regulatory

scrutiny, active assailant and sexual abuse claims are driving premiums higher for public entities.

- **Cyber Liability-** Public entities are still considered elevated risk and are monitored more closely than others. Despite ongoing claims activity, premiums remain relatively stable for entities with good controls and no losses. Ransomware payments in 2024 were down 35% (\$1.25B to \$814M).
- **Property-** The property market is currently experiencing its most competitive environment in years. Carriers are eager for growth, and capacity is readily available. Following an extended period of exceptionally challenging hard market conditions, more favorable dynamics have emerged. The market was well-positioned to handle the impact of Hurricanes Helene and Milton and the California Wildfires. Insurance to value remains a focus for underwriters.
- **Workers' Compensation-** Premiums continue to remain stable and are largely loss dependent and payroll exposure based.

Kendall County Forest Preserve District's Insurance Renewal

The KCFPD's incumbent insurance carrier is the Illinois Counties Risk Management Trust (ICRMT). ICRMT has been the KCFPD's insurance provider since 1992. ICRMT insures over 50% percent of the counties in Illinois with a total membership exceeding 600 units of local government. ICRMT's understanding of the insurance landscape in Illinois results in stable pricing and rich coverage terms and conditions. The KCFPD has benefited from its long-term carrier relationship with the Illinois Counties Risk Management Trust (ICRMT) as brokered by Alliant Insurance Services for many years.

The KCFPD's continued insurance carrier partnership with ICRMT continues to be advantageous over the short and long-term with respect to coverage, services and pricing.

The pre-renewal premium indication from ICRMT projected no more than an 8% increase from the expiring term. Working collaboratively with District staff, Alliant ensured that all underwriting data and exposures were updated accurately—resulting in a renewal outcome consistent with that projection.

KCFPD's total premium for the December 1, 2025, to December 1, 2026, policy period is \$92,567, an 8% (\$6,474) increase over the prior year.

- Premiums Package Premium: \$74,720.
- Workers' Compensation Premium: \$17,846
- Total Annual Premium: \$92,567

The increase reflects a combination of market-wide rate pressure (particularly from reinsurance costs) and exposure-based adjustments tied to expanded property values, equipment schedules, and payroll growth.

EXPOSURE HIGHLIGHTS

Category	2025 to 2026	Description
Total Property Values	\$17,900,384	Buildings and contents, replacement cost basis
Business Personal Property	\$890,664	Stationary EDP and contents
Mobile Equipment	\$341,445	Combination of large and small scheduled units
Auto Fleet	11 vehicles, \$334,500 total agreed value	Includes new 2024 Ford F450 (\$108,214)
Estimated Payroll	\$883,429	Across multiple WC classifications
Total Annual Premium	\$92,567	8% increase from expiring term

Conclusion

We appreciate the assistance of Antoinette Wight throughout the year and during the renewal process. The underwriting information was complete, accurate, and provided promptly.

Despite a significant rise in reported exposures—including property valuation updates, vehicle and equipment schedules, and payroll growth—ICRMT successfully moderated premium impact under continued hard market conditions.

We extend our appreciation for the opportunity to present the District's renewal results and are pleased with the outcome in light of ongoing challenges in the public entity insurance marketplace.

Thank you for your continued trust in our capabilities to serve the Kendall County Forest Preserve District's property and casualty insurance needs.

We welcome discussion regarding this proposal and thank you for the privilege of continuing our partnership.

Flood Disclosure

Flooding is a serious threat to both personal and commercial clients. Flooding can happen anywhere, not just zones referred to as high-risk areas (Special Flood Hazard Area). Your Alliant team is ready to explain how it works and the associated costs.

Basic Facts

Congress created the NFIP in 1968 in response to the rising cost of taxpayer-funded disaster relief for flood victims and the increasing amount of damage caused by floods. The NFIP makes federally backed flood insurance available in communities that agree to adopt and enforce floodplain management ordinances to reduce future flood damage. The NFIP is self-supporting for the average historical loss year. This means that unless there is a widespread disaster, operating expenses and flood insurance claims are financed through premiums collected.

Commercial buildings or residential dwellings owned by commercial entities are considered commercial property. All others are residential dwellings

The [FEMA Summary for Commercial Property](#) and [FEMA Standard Summary of Coverage](#) provide information on the following:

- Types of Flood Insurance Coverage
- What is a Flood- “a General and temporary condition of partial or complete inundation of two or more acres of normally dry land area”...
- Deductibles – various options to meet your financial needs
- What is Covered and What is Not
- The valuation of the Property – Actual Cash Value or Replacement Cost

Other Disclosures/Disclaimers (continued)

Claims Reporting

Your policy will come with specific claim reporting requirements. Please make sure you understand these obligations. Contact your Alliant Service Team with any questions.

Claims Made Policy

(Applicable to any coverage that is identified as claims made)

This claims-made policy contains a requirement stating that this policy applies only to any claim first made against the Insured and reported to the insurer during the policy period or applicable extended reporting period. Claims must be submitted to the insurer during the policy period, or applicable extended reporting period, as required pursuant to the Claims/Loss Notification Clause within the policy in order for coverage to apply. Late reporting or failure to report pursuant to the policy's requirements could result in a disclaimer of coverage by the insurer.

Any Employment Practices Liability (EPL) or Directors & Officers (D&O) with EPL coverage must give notice to the insurer of any charges / complaints brought by any state / federal agency (i.e. EEOC and similar proceedings) involving an employee. To preserve your rights under the policy, it is important that timely notice be given to the insurer, whether or not a right to sue letter has been issued.

Changes and Developments

It is important that we be advised of any changes in your operations, which may have a bearing on the validity and/or adequacy of your insurance. The types of changes that concern us include, but are not limited to, those listed below:

- Immediate notification of any changes to a scheduled of equipment, property, vehicles, electronic data processing, etc.
- Property of yours that is in transit, unless previously discussed and/or currently insured.

Other Disclosures/Disclaimers (continued)

Certificates / Evidence of Insurance

A Certificate or Evidence is issued as a matter of information only and confers no rights upon the certificate holder. The certificate does not affirmatively or negatively amend, extend or alter the coverage afforded by a policy, nor does it constitute a contract between the issuing insurer(s), authorized representative, producer or recipient.

You may have signed contracts, leases or other agreements requiring you to provide this evidence. In those agreements, you may assume obligations and/or liability for others (Indemnification, Hold Harmless) and some of the obligations that are not covered by insurance. We recommend that you and your legal counsel review these documents.

In addition to providing a Certificate or Evidence of Insurance, you may be required to name your landlord, client or customer on your policy as a loss payee on property insurance or as an additional insured on liability insurance. This is only possible with permission of the insurance company, added by endorsement and, in some cases, an additional premium.

By naming the certificate holder as additional insured, there are consequences to your risks and insurance policy including:

- Your policy limits are now shared with other entities; their claims involvement may reduce or exhaust your aggregate limit.
- Your policy may provide higher limits than required by contract; your full limits can be exposed to the additional insured.
- There may be conflicts in defense when your insurer has to defend both you and the additional insured.
- An additional insured endorsement will most likely not provide notification of cancellation. Some insurance companies use a “blanket” additional insured endorsement that provides coverage automatically when it is required in a written contract. Most insurance companies do not want to be notified of all additional insureds when there is a blanket endorsement on the policy. If a notice of cancellation is required for the additional insured party, you must notify us immediately and we will request an endorsement from your insurance company. There may be an additional premium for adding a notice of cancellation endorsement for an additional insured.

See Request to Bind Coverage page for acknowledgment of all disclaimers and disclosures.
