Axon Investigate Appendix

If the Quote includes Axon's On Prem Video Suite known as Axon Investigate or Third-Party Video Support License, the following appendix shall apply.

1. **License Grant.** Subject to the terms and conditions specified below and upon payment of the applicable fees set forth in the Quote, Axon grants to Customer a nonexclusive, nontransferable license to install, use, and display the Axon Investigate software ("**Software**") solely for its own internal use only and for no other purpose, for the duration of subscription term set forth in the Quote. This Agreement does not grant Customer any right to enhancements or updates, but if such are made available to Customer and obtained by Customer, they shall become part of the Software and governed by the terms of this Agreement.
2. **Third-Party Licenses.** Axon licenses several third-party codecs and applications that are integrated into the Software. Users with an active support contract with Axon are granted access to these additional features. By accepting this agreement, Customer agrees to and understands that an active support contract is required for all of the following features: DNxHD output formats, decoding files via the "fast indexing" method, proprietary file metadata, telephone and email support, and all future updates to the software. If Customer terminates the annual support contract with Axon, the features listed above will be disabled within the Software. It is recommended that users remain on an active support contract to maintain the full functionality of the Software.
3. **Restrictions on Use.** Customer may not permit any other person to use the Software unless such use is in accordance with the terms of this Agreement. Customer may not modify, translate, reverse engineer, reverse compile, decompile, disassemble or create derivative works with respect to the Software, except to the extent applicable laws specifically prohibit such restrictions. Customer may not rent, lease, sublicense, grant a security interest in or otherwise transfer Customer's rights to or to use the Software. Any rights not granted are reserved to Axon.
4. **Title.** Axon and its licensors shall have sole and exclusive ownership of all right, title, and interest in and to the Software and all changes, modifications, and enhancements thereof (including ownership of all trade secrets and copyrights pertaining thereto), regardless of the form or media in which the original or copies may exist, subject only to the rights and privileges expressly granted by Axon. This Agreement does not provide Customer with title or ownership of the Software, but only a right of limited use.
5. **Copies.** The Software is copyrighted under the laws of the United States and international treaty provisions. Customer may not copy the Software except for backup or archival purposes, and all such copies shall contain all Axon's notices regarding proprietary rights as contained in the Software as originally provided to Customer. If Customer receives one copy electronically and another copy on media, the copy on media may be used only for archival purposes and this license does not authorize Customer to use the copy of media on an additional server.
6. **Actions Required Upon Termination.** Upon termination of the license associated with this Agreement, Customer agrees to destroy all copies of the Software and other text and/or graphical documentation, whether in electronic or printed format, that describe the features, functions and operation of the Software that are provided by Axon to Customer ("**Software Documentation**") or return such copies to Axon. Regarding any copies of media containing regular backups of Customer's computer or computer system, Customer agrees not to access such media for the purpose of recovering the Software or online Software Documentation.
7. **Export Controls.** None of the Software, Software Documentation or underlying information may be downloaded or otherwise exported, directly or indirectly, without the prior written consent, if required, of the office of Export Administration of the United States, Department of Commerce, nor to any country to which the U.S. has embargoed goods, to any person on the U.S. Treasury Department's list of Specially Designated Nations, or the U.S. Department of Commerce's Table of Denials.
8. **U.S. Government Restricted Rights.** The Software and Software Documentation are Commercial Computer Software provided with Restricted Rights under Federal Acquisition Regulations and Customer supplements to them. Use, duplication or disclosure by the U.S. Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFAR 255.227-7013 et. Seq. or 252.211-7015, or subparagraphs (a) through (d) of the Commercial Computer Software Restricted Rights at FAR 52.227-19, as applicable, or similar clauses in the NASA FAR Supplement. Kendall County Agenda Briefing

Meeting Type: Committee of the Whole
Meeting Date: 12/11/2025
Subject: Video Game License Follow-up
Prepared by: Natalia Borowska, Management Analyst
Department: Administration

Action Requested:

Determine whether the County will adopt a video game licensing fee for establishments operating video gaming terminals in unincorporated Kendall County.

Board/Committee Review:

Committee of the Whole – 11/13/2025

Fiscal Impact:

Implementation of a video gaming terminal fee is projected to generate between \$1,200-14,400 annually, depending on the fee structure adopted by the Board. Actual revenue may fluctuate over time as establishments add or remove video gaming terminals.

Background and Discussion:

Per 230 ILCS 40/65, a non-home rule unit of government may impose a fee for the operation of a video gaming terminal of up to \$250 per year. Kendall County does not currently charge any fees for video gaming.

Below is a summary of fees charged by Kendall County municipalities and neighboring counties for the operation of video gaming terminals:

Municipality	Cost
Yorkville	\$25 per device
Oswego	ranges by license class from \$750-\$2,500 + \$200-700 license fee + \$50-300 per terminal fee + \$1,000 first-time applicant fee
Plainfield	\$300 per terminal operator license. Establishment pays \$500 + \$300 per terminal.
Montgomery	\$100 per license + \$40 first-time background check fee
County	Cost
DuPage	\$250 per terminal

Kane	Kane County does not issue a video gaming license of their own
Will	\$250 per terminal (split between license establishment and terminal operator)
LaSalle	\$25 per machine
DeKalb	No fee

Of the 15 establishments in unincorporated Kendall County holding active liquor licenses, 9 have active video gaming terminals, according to the Illinois Gaming Board. These establishments include Marathon Gas, The Fox Ranch, The Oaks Grille, Papa Magoo’s, American Legion Post 489 Yorkville, Cedardell Golf Club, JDA Pizza, Midwest Gas, and Mike and Denise Bristol. Between the 9 establishments, there are 48 total operating video gaming terminals. The County’s current liquor license application asks if location have video gaming. Only four of the nine total locations had reported that they did have operating video gaming at their establishment.

Implementing a video gaming terminal fee in unincorporated Kendall County would improve tracking and oversight of video gaming operations within the County, and the ability to ensure they are operating in accordance with state and local regulations. The associated fee is intended to offset costs of issuing the license and regulation. The license also provides another means of regulation in the event of problems within an establishment or if an establishment fails to secure a license.

If the County Board concurs, staff will proceed with drafting the relevant code amendments for review and adoption.

Staff Recommendation:

It is recommended that the Board adopt a fee structure between \$25-300 per video gaming terminal, consistent with neighboring jurisdictions and sufficient to recover associated operational costs.
